- 12 Model Colours
- 13 Specifications & Features

## TOUGH YET GRACEFUL

The All-New BR-V design presents a dynamic body shape with strong contour lines that run along the body to accentuate the length of the new model. A design that is dominating, yet elegant. The front end has been redesigned to incorporate an aggressive, sporty new grille that seamlessly flows into the LED Daytime Running Lights and headlamps, giving the new model a confident appearance.

## INFOTAINMENT TECHNOLOGY

The BR-V features a brand new 7-inch touch screen system with integrated Apple CarPlay® and Android Auto™ connectivity. The new system is fitted as standard across the new BR-V range, with Comfort and Elegance models gaining an integrated reverse parking camera for added convenience.

The driver is presented with a 4.2" TFT Display located on the dashboard which provides them with various types of information, such as active Honda SENSING® functions which can be adjusted via the controls on the steering wheel available in the Elegance.

## UNCLUTTERED, QUALITY FINISHES

The interior of the All-New BR-V is designed with simplicity in mind. Enjoy an uncluttered dash with high-quality materials and finishes within the cabin. The BR-V is focused on creating a comfortable space for all and is complete with power outlets to allow for charging of smart devices in all three rows\*, as well as air conditioning for rear seat passengers.

\* Only available on Elegance model

# Honda SENSING

The BR-V Elegance also features enhanced Honda SENSING® active safety technology offering a broad range of driver assistance features and driver aids. This new and improved Honda SENSING® system incorporates the newly developed wider-angle, higher definition front camera that can detect a more comprehensive range of road surfaces and traffic characteristics, including enhanced night-time operation.

## Collision Mitigation Braking System (CMBS)

With improved night-time operation to detect pedestrians when there is no street lighting. The system also alerts the driver when it detects a cyclist turning into the road. In addition, the system now also applies the brakes when the BR-V cuts across or turns into the path of an oncoming vehicle thanks to the new front wide-view camera.

## Road Departure Mitigation (RDM)

System assists the driver in not straying from the road. It alerts the driver if it detects that the vehicle is approaching the outer edge of the road, an oncoming vehicle, or drifting into another lane without indicating.

## Adaptive Cruise Control (ACC)

Manages the distance to the vehicle in front automatically by continuously adjusting the speed, allowing the vehicle to follow traffic at highway speeds.

## Auto High-Beam (AHB)

Switches high beam headlights on/off automatically depending on oncoming/preceding vehicles, bicycles and environmental brightness so as not to blind other road users.

## Lane Keeping Assist System (LKAS)

Prevents the vehicle from drifting into adjacent lanes by detecting lane markers on the road.

\* Only available on Elegance model

# DRIVE SAFELY

The All-New BR-V incorporates a suite of premium active and passive safety technologies as standard. These are designed to make driving both pleasant and safe.

In addition to Honda's proprietary Advanced Compatibility Engineering™ (ACE) body structure technology, the BR-V range now also features Vehicle Stability Assist (VSA), Hill Start Assist (HSA), Emergency Stop Signal (ESS), Anti-lock Braking System (ABS) and ISOFIX Child seat anchors.

# MODEL LINE-UP

## TREND

1.5L DOHC i-VTEC  
6MT Transmission

Trend features include:

- 16" Alloy Wheels
- Fabric Upholstery
- 7" Touchscreen Infotainment
- Apple CarPlay® & Android Auto™ Compatibility
- Vehicle Stability Assist (VSA)
- Anti-Lock Braking System (ABS)
- ISOFIX Child Seat Anchors – Rear
- LED Headlights
- LED Daytime Running Lights
- Dual Front & Side SRS Airbags

## COMFORT

1.5L DOHC i-VTEC  
6MT or CVT Transmission

In addition to the Trend,  
the Comfort includes:

- LED Front Fog Lights
- Push-Button Start
- Front Seat Armrests
- Rear View Camera
- Rear Parking Sensors
- Smart Keyless Entry
- Automatic Air Conditioning
- Dual Front, Side & Curtain SRS Airbags

## ELEGANCE

1.5L DOHC i-VTEC  
CVT Transmission

In addition to the Comfort,  
the Elegance includes:

- 17" Black/Alloy Wheels
- Synthetic Leather Upholstery
- 2<sup>nd</sup> Row Seats Armrests
- Walk-Away Auto Locking
- 4.2" TFT Multi-Information Display
- Body Coloured Shark Fin Antenna
- Honda SENSING® Driver-Assist Technology
- 6 Speaker Sound System
- Auto-Headlights with Auto High-Beam
- LaneWatch™ Blind Spot Camera

# ENHANCED STYLE AND COMFORT

Exceptional care has been taken throughout, making use of the highest quality materials to elevate the touch and feel of the interior to a premium level. Fabric seats are standard on all but the Elegance model, which is well appointed with synthetic leather upholstery and additional trim finishes to further differentiate the model.

# COLOUR OPTIONS

The colour line-up for the new BR-V range includes Opal White (Pearl), Modern Steel (Metallic), Lunar Silver (Metallic), and Crystal Black (Pearl).

The Power of Dreams

Indicated CO<sub>2</sub> and fuel consumption figures quoted are obtained when testing the vehicle in line with the compulsory requirements of SANS 20083 and therefore may not necessarily be achieved under day-to-day driving conditions. Actual fuel consumption figures may be influenced by a range of factors, including but not limited to vehicle maintenance, driving style and behaviour. Fuel consumption may be further affected by the environmental factors and conditions under which the vehicle is operated including altitude, road condition and traffic flow. The figures used in this guide should therefore be treated as indicative only.

Honda Motor Southern Africa (Pty) Ltd. reserves the right to change and modify equipment or specifications at any time without prior notice. The models illustrated in this brochure may show specifications for various markets and not specifically for Southern Africa.
