Advanced Compatibility Engineering™
The HR-V incorporates Honda's proprietary Advanced Compatibility Engineering™ (ACE™) body structure technology that forms the foundation for excellent passive safety performance, enhancing occupant crash protection. A network of connected structural elements distributes crash energy more evenly throughout the front of the vehicle, reducing the forces transferred to the passenger compartment.

A SEAMLESS, CONTEMPORARY SUV DESIGN

When designing and developing the latest generation HR-V, Honda engineers completely reimagined the popular compact-SUV from the ground up. As a result, the new-generation HR-V has a contemporary coupe-SUV body that achieves a desirable, yet rare, combination of premium and dynamic design and exceptional space efficiency.

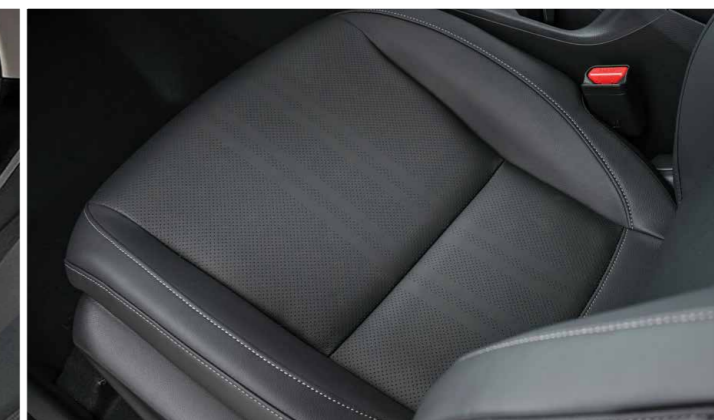

A COMFORTABLE FEEL-GOOD INTERIOR

The spacious interior has a solid, premium SUV feel, but with contemporary fabrics and soft-touch materials. The modern, minimalist aesthetic is created by the horizontal sweep of the instrument panel and uncluttered lines and surfaces throughout. The cabin environment is further elevated by a new air diffusion system that creates a curtain of fresh air beside and above passengers, flowing from unique L-shaped vents positioned in the top corners of the dashboard.

4.2" TFT MULTI-INFORMATION DISPLAY

01 Refresh mode

02 Tall mode

03 Long mode

04 Utility mode

ULTIMATE CONVENIENCE

Stowing more in your Honda HR-V is not only possible but also convenient with a single-motion configuration of our exceptionally versatile Honda Magic Seats®. This way, you can utilise extra load space to take advantage of the car's height from floor to ceiling. This compact SUV also features a lower tailgate edge, tailgate aperture and a flat cargo floor that can handle a variety of luggage or lifestyle-related equipment.

The functionality of the Honda Magic Seats® is boundless. With four simple configurations, you can pack just about anything into your new HR-V:

- 01 Refresh Mode**
Enjoy the view by removing the head restraints and folding back the seats.
- 02 Tall Mode**
Fold up the rear seats to gain some extra storage height.
- 03 Long Mode**
Fold down all the seats on the left- or right-hand side of the car and you will have plenty of room for those long items.
- 04 Utility Mode**
Need to take your gear with you for an outdoor excursion? Just fold down the rear seats and you are all set.

* For illustrative purposes only

PANORAMIC GLASS ROOF

With an updated new look, the All-New Honda HR-V features a panoramic glass roof for all those great summer adventures whilst keeping the cool air flowing within the cabin.

WIRELESS CHARGING

Enjoy the convenience of a wireless charging pad, discreetly located in the lower section of the centre console. Place a wireless charging capable smartphone on the pad and it will start charging when the engine starts.

AIR DIFFUSION SYSTEM

The subtle yet most impactful interior feature is the unique Air Diffusion System that introduces L-shaped vents positioned in the top corners of the dashboard that deliver the restorative effects of a natural breeze to all occupants.

DESIGNED FOR COMFORT

The All-New HR-V has an abundance of new features to allow both the driver and passengers to enjoy a convenient and enjoyable driving experience. Each feature promises a new driving experience for every person that enters the HR-V, from an advanced air diffusion system to a panoramic glass roof.

POWER TAILGATE WITH WALK AWAY CLOSE FUNCTION

To enhance loading convenience the HR-V is equipped with a hands-free Power Tailgate with a Walk Away Close function. The smart key proximity function detects when the key moves away from the car, automatically closing the tailgate.

LED TECHNOLOGY

Auto LED Headlights and projector fog lights provide improved visibility even in the worst weather conditions, ensuring the driver can avoid any unexpected obstacles.

HONDA MAGIC SEATS®

The versatile rear Magic Seat set-up offers both fold-flat and flip-up seat flexibility, depending on load space required.

Honda SENSING

Honda SENSING® is a suite of driving features that support and enhance your driving senses to help keep you safer on the road.

ROAD DEPARTURE MITIGATION SYSTEM with Lane Departure Warning

Alerts and helps to assist you when the system detects a possibility of your vehicle unintentionally crossing over detected lane markings or approaching the outer edge of the road surface through slight steering wheel vibration as well as a warning display.

COLLISION MITIGATION BRAKING SYSTEM

This system is designed to alert you when a potential front collision is determined, as well as to reduce your vehicle speed to help minimise collision severity when a collision is deemed unavoidable.

LANE KEEPING ASSIST SYSTEM

Prevents the vehicle from drifting into adjacent lanes by detecting lane markers on the road and uses autonomous steering to keep the vehicle centered.

HIGH BEAM SUPPORT SYSTEM

Automatically changes your headlights from low beam to high beam on a clear road, and then back to low beam when an oncoming vehicle is detected.

ADAPTIVE CRUISE CONTROL with Low Speed Follow

Helps maintain a constant vehicle speed and a set following interval behind a vehicle detected ahead of yours and, if the detected vehicle comes to a stop, can decelerate and stop your vehicle.

* Only available on executive model

COLOUR OPTIONS

The colour line-up for the new HR-V range includes a host of colours including:

Opal White

Coffee Cherry Red

Brilliant Sporty Blue

Meteoroid Grey

ENGINEERED FOR THE JOY OF DRIVING

The HR-V comes in 2 derivatives to suit your needs.

COMFORT 1.5 DOHC i-VTEC CVT Transmission

Comfort features include:

- 17" Alloy wheels
- Fabric upholstery
- 8" Touchscreen infotainment
- Bluetooth® Hands-free Telephone (HFT)
- Apple CarPlay™ & Android Auto™ compatibility
- Magic Seats®
- Automatic air conditioning
- Rear ISOFIX Child Seat Anchors
- Multi-function steering wheel
- Front and rear armrests
- Rear parking camera
- Electric side mirrors
- Electronic parking brake
- Auto brake hold
- Automatic LED headlights
- Rear parking sensors
- Smart keyless entry
- Hill descent control

EXECUTIVE 1.5 DOHC i-VTEC CVT Transmission

In addition to the Comfort, the Executive includes:

- 18" Alloy wheels
- Leather upholstery
- Auto rain-sensing wiper
- Honda SENSING®
- Colour-coded front grille
- Front fog lights LED projector
- Panoramic glass roof
- Electric seat adjustment (driver)
- Hands-free power tailgate
- Rear USB charger
- Wireless charger
- Half-frame auto dimming rear view mirror

The Power of Dreams

Indicated CO₂ and fuel consumption figures quoted are obtained when testing the vehicle in line with the compulsory requirements of SANS 20083 and therefore may not necessarily be achieved under day-to-day driving conditions. Actual fuel consumption figures may be influenced by a range of factors, including but not limited to vehicle maintenance, driving style and behaviour. Fuel consumption may be further affected by the environmental factors and conditions under which the vehicle is operated including altitude, road condition and traffic flow. The figures used in this guide should therefore be treated as indicative only.
