- 06 Interior Design
- 08 Dashboard
- 10 Safety
- 12 Model Line-up
- 14 Accessories & Colours
- 16 Specifications & Features

DYNAMIC

FLUID EXTERIOR

The CR-V's fluid lines were designed not only to create a sleek and dynamic look, but also to assist performance by channelling airflow which boosts fuel economy.

The chrome garnish and rear skid plate provide the CR-V with an individual and purposeful look, while the curved edges of the door mirrors harmonise with the overall design, reducing blind spots.

The sleek window design provides superb all-round visibility. The bumpers have been redesigned with smooth flowing finishes that never fail to draw attention to the sculpted body, creating an enhanced, bold look. Blacked-out front grille and smoked tail-lights lend the CR-V a sporty and aggressive appearance.

The flagship 1.5T Exclusive has subtle exterior changes, including larger 19" alloy wheels increasing ground clearance by 6mm. This comes in addition to the extensive list of standard features. It is now further differentiated from the 1.5T Executive by the panoramic sunroof and AWD.

REFINED &

SPACIOUS

With every feature in the CR-V's cockpit positioned exactly where you need it, the driver is always in control. The elegant layout of the dashboard presents advanced driving technology in the simplest of ways, placing essential information directly in the line of sight, making it easily accessible and readable.

The digital instrument cluster adds to the overall convenience of the journey by providing useful information related to your trip, with operation controls located on the leather steering wheel.

The CR-V's spacious interior has been designed to create a haven from a busy world – a quiet, refined and relaxed ambience that is pleasurable to travel in, as a driver or passenger.

The soft-touch material on the door panels and dashboard adds extra quality to the car. The 8-way adjustable driver's seat can be adjusted for overall comfort and has electronic memory to record a programmable setting to ensure optimal support.

INTERIOR DASH

Ergonomically, one of the key interior highlights is the full-colour TFT driver information interface. Located in a dedicated binnacle directly ahead of the driver, the display is dominated by a graph-type rev counter, accompanied by a digital speedometer.

Also prominent is the 7-inch Display Audio interface that offers easier access to the vehicle's infotainment features. The system offers enhanced functionality, including Apple CarPlay integration, which allows seamless integration of iPhone features and functions, such as the iDevice's own GPS navigation, voice-controlled search capability and selected apps.

During highway driving the Driver Attention Monitor continually monitors and assesses driver behaviour to help determine if the driver is becoming inattentive then, if so, it uses visual, sound or even vibration to warn the driver to take a break. With dual-zone climate control, you have the freedom to adjust and control driver and passenger airflow and temperatures separately.

ROAD DEPARTURE MITIGATION (RDM) SYSTEM

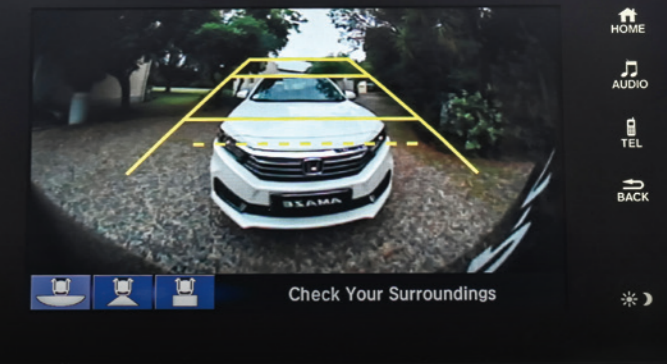

The Road Departure Mitigation system is designed to help steer and even apply the brakes when necessary to help keep the vehicle from leaving the road.

LaneWatch™

LaneWatch™ warns the driver of any vehicles located in the blind spot of the passenger side when changing lanes.

Lane Departure Warning System & Lane Keeping Assist System (LKAS)

The Lane Departure Warning system monitors vehicle lane position and alerts you when you drift into another lane and haven't signalled. The LKAS gently corrects your steering in this instance, by gradually applying torque to the steering to help guide you back into the centre of the lane.

COLLISION MITIGATION BRAKING SYSTEM™ (CMBS®)

To help reduce the likelihood or severity of a frontal impact, the available CMBS® is engineered to sense you're at a risk of a collision and apply the brakes for you if you don't slow down. If it still senses a collision is imminent, CMBS® is designed to brake firmly.

Adaptive Cruise Control (ACC)

As part of the Honda Sensing® suite, this driver-assistive technology takes cruise control to the next level while also helping keep roads safer. Whether you travel for work or enjoy family road trips, ACC makes driving easier and less tiring.

FORWARD COLLISION WARNING SYSTEM

The Forward Collision Warning system that is integrated with CMBS®, is designed to detect the presence of vehicles in front of you and issue alerts if you're approaching with too much speed. If you fail to respond to the alerts, the CMBS® is triggered into operation.

YOUR SAFETY IS OUR PRIORITY

A great deal of complex engineering has gone into the CR-V to keep you, as well as your passengers, safe.

Most times you won't even notice it, but clever technology is always at work while you are driving. It's all about co-operative control – each safety feature works seamlessly together to give constant support to the driver.

We have subjected the CR-V to rigorous testing to ensure you have the safest driving experience possible.

Honda SENSING

The Honda Sensing® suite of driver-assist technologies is not only state of the art, but specifically engineered to cater to your every safety need. Wherever you go, you'll feel secure on your journey.

* Only Available on 1.5T AWD Exclusive Model

MODEL

LINE-UP

COMFORT

2.0 i-VTEC (FWD) CVT

- TFT Digital Driver Interface
- 5" Monitor Audio
- Rear View Camera
- Agile Handling Assist
- Vehicle Stability Assist
- Hill Start Assist
- Electric Parking Brake
- Automatic Brake Hold
- Driver Attention Monitor
- Front, Side and Side Curtain Airbags
- Cruise Control with Speed Limiter
- LED Daytime Running Lights
- Rear Privacy Glass
- Rear Park Distance Control

ELEGANCE

2.0 i-VTEC (FWD) CVT

In addition to the Comfort, the Elegance features include:

- Leather Interior
- Electric Heated Front Seats with Driver Memory
- 7" Display Audio – Apple CarPlay™ Compatible
- FR/RR Park Distance Control
- Rain Sensing Wipers
- Steering Paddle Switches
- Heated Door Mirrors
- Illuminated Vanity Mirrors

EXECUTIVE

1.5 VTEC Turbo (FWD) CVT

In addition to the Elegance, the Executive features include:

- New 1.5 VTEC Turbo Engine
- Electric Brake Booster
- 18" Alloy Wheels
- Smart Entry, Push To Start + Remote Starter
- LED Headlights
- Active Cornering Lights (ACL)
- Auto Dimming Rear View Mirror

EXCLUSIVE

1.5 VTEC Turbo (AWD) CVT

In addition to the Executive, the Exclusive features include:

- Panoramic Sunroof
- Honda Sensing® Advanced Driver Assist Systems
- LaneWatch™
- Auto High Beam Headlights
- LED Front Foglamps
- Programmable Power Tailgate
- Satellite Navigation
- Tyre Pressure Monitoring System
- 19" Alloy Wheels

MODEL

ACCESSORIES

Personalise your CR-V with genuine accessories, there are a variety of packs to choose from.

These accessories have been designed alongside the CR-V to make sure that each product enhances the new model, providing the perfect fit, safety, security and durability.

- 01 Tail Gate Garnish
- 02 Running Board
- 03 LED Fog Light
- 04 Exhaust Pipe Finisher
- 05 Cross Bars
- 06 Door Visor
- 07 Rear Bumper Protector
- 08 Side Step LED Front & Rear

Platinum White Pearl

Lunar Silver Metallic

Meteoroid Grey Metallic

Brilliant Sporty Blue Metallic

Coffee Cherry Red Metallic

COLOUR

OPTIONS

Your cars colour is not only important to you, it is important to us. Platinum White or Brilliant Sporty Blue? The decision is yours. With our wide range of colours to choose from, you can find one that suits your style and preferences.

HONDA

The Power of Dreams

Indicated CO₂ and fuel consumption figures quoted are obtained when testing the vehicle in line with the compulsory requirements of SANS 20083 and therefore may not necessarily be achieved under day-to-day driving conditions. Actual fuel consumption figures may be influenced by a range of factors, including but not limited to vehicle maintenance, driving style and behaviour. Fuel consumption may be further affected by the environmental factors and conditions under which the vehicle is operated including altitude, road condition and traffic flow. The figures used in this guide should therefore be treated as indicative only.

Honda Motor Southern Africa (Pty) Ltd. reserves the right to change and modify equipment or specifications at any time without prior notice. The models illustrated in this brochure may show specifications for various markets and not specifically for Southern Africa. They may include optional equipment and accessories not fitted as standard. Subject to error. For precise information, please contact your Honda Dealership. © Honda Motor Southern Africa (Pty) Ltd.
