

HR-V

A willing accomplice that's ready when you are

The HR-V is the perfect mix that feels like a thrilling coupé but has the strength and versatility of the SUV you need. No matter where you're going, whether it's a beach holiday or city adventure, the Honda HR-V is ready, willing and able to get you there safely and in style.

A stance with strength

The Honda HR-V has dynamic styling, sophisticated looks and attitude, which, combined with its defined, sleek upper body, makes this an advanced and attractive SUV. However, the strong, sculptural lines evoke a sense of sports car as well as SUV, making it the perfect partner to any kind of driver.

But the SUV side of it that makes it what it is: your essential adventure partner. To ensure you can take full advantage of a wide visibility range, the seats are positioned high in the vehicle. Ultimate traveller essentials like the front fog lights, 17" alloy wheels, shark fin antenna and tailgate spoiler command the attention the HR-V deserves.

LED indicators are placed in the door mirrors, while highly attractive LED Daytime Running Lights (DRLs), LED auto-adjust headlights, and LED tail lights look sophisticated and emit a glow reminiscent of some future time. Every inch of the HR-V permeates the sense of adventure. From the rear door handles that are concealed just behind the window, to the stylish black grille and trim to the roof rails, it's clear that the HR-V is exactly the kind of accomplice you want on your journey through life.

Explore the great indoors

The inside of the HR-V has a place for everything and puts everything in its place. It's cleverly placed compartments and streamlined design maximises storage space to make sure you have all the space you need for the more important things – the people you take with you.

Your comfort was a high priority in the design of the HR-V. The soft-touch centre console and dashboard, sophisticated stitch detail, and piano black and chrome accents will make you feel like you're in your one true home, no matter where you are or where you're going.

The HR-V comes ready for an adventure thanks to Honda's Magic Seats®, which fold in a multitude of configurations, also the astonishingly low, extra-wide tailgate makes taking everything and the kitchen sink with you, easier than ever.

Magic Seats® in action

TALL MODE

We all have those days when we need a little height to get that last thing in. Whether it's a trip to the nursery or a full on hardware shopping spree you can take full advantage of the distance between floor and ceiling by flipping up the rear seats.

LONG MODE

The things you need on an expedition won't always be the right shape, but if you flip down all the seats on one side and you'll be able to create a long space perfect for awkward items like surfboards or long planks.

UTILITY MODE

If there's one thing you always need on an adventure, it's space. Just use the lie-flat rear seats in the HR-V and you can take absolutely everything you need with you. A stack of camping equipment is no problem for this SUV.

Connect with the HR-V

The audio unit makes sure you're always connected.

The easy-to-use swipe and tap display means you have access to your phone contacts, music and trip information at all times.*

MULTIMEDIA

The HR-V gives you all the options you need – a USB port and HDMI® port**, plus Bluetooth® audio streaming*. So you won't miss a single beat. Plus, you can always tune in to your favourite station with the AM/FM radio. The 7-inch display Audio interface offers enhanced functionality, including Android Auto and Apple CarPlay integration.

HANDSFREE CONNECTIVITY

Your compatible Smartphone and the HR-V make it easy to stay connected wherever you are. With Bluetooth® you can control your contact list, music and more, without taking your hands off the wheel.

USB/HDMI® PORTS

This means while you skip through your playlists on-screen using your compatible Smartphone, all your gadgets are charging right next to you. When stationary you can watch videos off your connected device with an HDMI® ready video player*.

TRIP INFORMATION AND SETTINGS

The HR-V makes sure you have all the important information at hand exactly when you need it, in fact you can customise it to display the data that matters most, ranging from trip distance to fuel consumption.

*Requires compatible Bluetooth device.

**Specifications may vary

AUTO BRAKE HOLD

When the driver brakes and stops the vehicle in traffic, remaining stationary for some time, the Auto Brake Hold is activated to hold the vehicle position. It is then automatically released upon acceleration.

ELECTRIC PARKING BRAKE

The manual handbrake has been replaced with an easily activated parking brake switch.

EMERGENCY STOP SIGNAL (ESS)

Occasionally a situation requires sudden, heavy braking. The HR-V automatically flashes its hazard lights to alert those behind you when you stop suddenly.

ADVANCED COMPATIBILITY ENGINEERING (ACE)

A brilliantly innovative body structure means that the impact from frontal collisions is directed away from the passenger compartment.

REAR VIEW CAMERA

Parking is easy when you can see everything behind you, all thanks to the wide rear view camera in the HR-V.

PARKING SENSORS

Parking sensors produce an audible alert to let you know how much space exists between you and the nearest object.

ANTI-LOCK BRAKING SYSTEM (ABS) AND ELECTRONIC BRAKE FORCE DISTRIBUTION (EBD)

The HR-V comes standard with ABS for superior stopping power. When emergency braking is detected Brake Assist applies maximum braking pressure whilst EBD monitors and adjusts the brake force on each wheel.

VEHICLE STABILITY ASSIST (VSA)

In adverse driving conditions, the HR-V is able to detect over-steer or under-steer, and automatically adjust its path for stability and safety. It can also manage brake pressure and engine power to help you regain control.

HILL START ASSIST (HSA)

HSA prevents 'rolling back' when starting on an incline. The system controls brake pressure, keeping the car stationary as you release the brake pedal and prepare to accelerate.

AIRBAGS

The clever Honda i-SRS driver airbag system inflates at different rates depending on the severity of the impact, seatbelt usage, and a whole host of other factors to keep you and your passengers safe. Front, side and full-length curtain airbags come standard.

> We're obsessed with safety

Honda knows that safety is more important than any other feature in a car, and that's why the HR-V is packed full of sophisticated engineering designed to give you the peace of mind you need.

Comfort

1.5 i-VTEC
CVT Transmission

Comfort features include:

- 16" Alloy wheels
- Fabric upholstery
- USB connection*
- Bluetooth® hands free telephone (HFT) system
- Magic Seats®
- One motion dive down flat folding rear seats 60/40
- Manual air conditioning
- Electric windows – Front & rear (All auto)
- Armrests - Front
- Multi-function steering wheel
- Cruise Control
- Anti-lock Braking System (ABS)
- Electronic Brake-force Distribution (EBD)
- Vehicle Stability Assist (VSA)
- Hill Start Assist (HSA)
- Electronic Parking Brake
- Auto Brake Hold
- Headlights Auto-Off Timer
- Roof rails
- Chrome outer door handles

Elegance

1.8 i-VTEC
CVT Transmission

In addition to the Comfort, the Elegance includes:

- 17" Alloy wheels
- Leather upholstery
- Tweeters
- Auto rain-sensing wiper
- Rear view camera
- Power folding mirrors
- Auto air conditioning
- Smart Entry
- Auto headlights
- LED headlamps
- LED daytime running lights
- LED foglights
- Rear parking sensors
- Armrests – Front & rear
- Heated seats - Driver & passenger
- Engine start / stop button
- Leather steering wheel
- Tailpipe finisher

*Always use the recommended USB flash memory device. Some USB memory devices may not work in this audio unit.

Accessories

Add a personal touch to your HR-V with a choice of stylish and practical accessories.

For more information on these and other items available, please contact your Honda dealership.

Accessories include:

- 01 Front lower garnish
- 02 Rear lower garnish
- 03 Mudguard set
- 04 Rear shelf
- 05 Rear bumper protector
- 06 Running board
- 07 Door visor
- 08 Luggage tray

HONDA

The Power of Dreams

Indicated CO₂ and fuel consumption figures quoted are obtained when testing the vehicle in line with the compulsory requirements of SANS 20083 and therefore may not necessarily be achieved under day-to-day driving conditions. Actual fuel consumption figures may be influenced by a range of factors, including but not limited to vehicle maintenance, driving style and behaviour. Fuel consumption may be further affected by the environmental factors and conditions under which the vehicle is operated including altitude, road condition and traffic flow. The figures used in this guide should therefore be treated as indicative only.

Honda Motor Southern Africa (Pty) Ltd. reserves the right to change and modify equipment or specifications at any time without prior notice. The models illustrated in this brochure may show specifications for various markets and not specifically for Southern Africa. They may include optional equipment and accessories not fitted as standard. Subject to error. For precise information, please contact your Honda Dealership. © Honda Motor Southern Africa (Pty) Ltd.
